

U.S. Entry Screening for Ebola

WHAT TO EXPECT when you arrive from a country with Ebola

After Passport Control, process may take 45 minutes or more.

1 Health Screening

Staff will

- Take your temperature.
- Ask questions about Ebola exposure and symptoms.

Some travelers will need more screening or medical evaluation. All others will go to step 2.

2 CARE Kit Discussion

CARE Ambassador will

explain how to monitor and report your temperature and symptoms for 21 days.

Please ask any questions you have at this time.

3 Continue Travel

You can go to

- Baggage claim, then
- Your destination or connecting flight gate.
